- On May 31, 2017 after nearly 17 years of service, Tom Janiszkeski retired. For most of his time at PAC, Tom was the “key” member of our shop staff responsible for custom cutting and packaging our aluminum extrusion products. His dedication to his job, his consistency in performing at a high level, and his overall reliability as a member of the PAC Team will be missed and not easily replaced. All of us here at PAC wish him the best of luck and a long and enjoyable retirement.
- One of our Salesman, Dean Mayhew, was the recipient of the 2017 Jim Bland Award from the Texas Association of Emergency Vehicle Technicians (TAEVT). The annual award is given to the individual who has demonstrated a high level of dedication and service to the advancement of the TAEVT. Congratulations Dean!

PRODUCT CHANGES

- The Adjustamount Kits have been simplified, they are better than ever! All models come with LONG straps!
- **PAC 1003 Toolok has been discontinued.** See “New Products” for our NEW Toolok-HD.
- There are **limited quantities** of the 1080 Soft Mount available. We have introduced a new item, P/N 1022, Ram Base Mount. This mount is double sided to allow support for hydraulic rams or struts on one side and jacks or struts on the other side. When the 1080 Soft Mount inventory is gone, the new 1022 Ram Base Mount will take it's place.

PRICE CHANGES

- PAC is proud to have been able to hold prices for six years while still offering a full warranty. There have been some increases as of March 2017. Contact PAC for the latest price list.
